THE CHARLEROI MAIL

VOL. XIX. NO 108. CHARLEROI, WASHINGTON CO., THURSDAY, OCTOBER 17, 1918 TWO CENTS

While local health conditions in Charleroi remain in a very satisfactory state, with but few cases of influenza reported in the community, our local health board admonishes citizens not to take any unnecessary risks, and not to abate any preventative measures that have already been taken. Much depends upon the individual in such epidemics as now prevail, and he or she can be largely instrumental in preventing the spread of the trouble.

Information from the State Health Department is to the effect that the influenza in an epidemic form may be expected in the western part of the state the latter part of this week. This epidemic may be in a mild form, and it may be of an intensive character. Much will depend on each community as to the form it will take.

Surrounding communities are observing the same regulations as Charleroi, all public places and indoor meetings of all character being prohibited for the time being. Some have even gone farther, in the expectation of preventing any epidemic that might be headed this way.

The best thing to do in such crises as we are now passing through is to give explicit obedience to the constituted authorities. The regulations imposed may be somewhat exacting and irksome, but when we consider the benefits to be derived by the entire community we should not be given to criticism or to fault-finding. The epidemic will soon pass, it is hoped and we will be none the worse for the experiences through which we have passed.

OUR SUBSCRIPTIONS TO LIBERTY LOAN NOT GROWING RAPIDLY

Must Be More Generous Response by People to Reach Goal

DONORA IS OVERSUBSCRIBED

The Charleroi area for the Fourth Liberty Loan is not responding enthusiastically Chairman Patterson desires. The reports of Wednesday exening showed that a total of $191,050 had been subscribed in the local district, which is far short of the more than one million in subscriptons we are expected to make before the close of the campaign on the evening of the 19th. Of course it is known there are large amounts to be turned in to the local headquarters, yet even with these on hand we will be far short of our quota. This fact makes it absolutely necessary for a more liberal response on the part of the people when solicited by those who have been appointed for that purpose.

Other areas in the county appear to be going just a little better than Charleroi. This should not be so. Wednesday afternoon Donora reported to Chairman Daly that it had already subscribed for a total of $630,100, with a quota of $630,000 to reach. It will thus be seen that Donora has "gone over the top," with a prospect of receiving credit for a much larger amount when returns from the mills are all in. Itshould be known that Donora is only given a small proportion of the mill subscriptions, but for this loan Chairman Daly insists that the town be treated with greater consideration by the steel corporation. Prospects are that Donora will approach the million mark.

Monongahela has reached the $300,000 mark, this report including returns so far made from the town proper, Carroll, Nottingham, Union and Peters township and New Eagle borough. Many large subscriptions are yet to come in and the prospects are quite rosy for that a rea to reach the $761,000 quota set by the Federal Reserve District.

In any event, greater response on the part of the people of this district is absolutely necessary in order that we reach our quota.

Protect The Honor Of Our Soldier Boys

We are called upon almost every day to deny vicious, ugly rumors circulated by the German gossip mongrels about our boys now in the service of their country. On the streets, in the sewin gcircles, in the clubs, any place you wish to go, you may havethese bits of slime handed to you as freely as you are willing to take them.

Have you sat and listened to these slanders without a word of denial?

Have you repeated them?

Where was your spirit of American fair play?

Do you have to be asked to defend the character of the boys who are defending you from the Hun?

There have been a number of such reports circulated in our town as there have been in every other town in the country. One in particular we believe deserves special attention. Charlroi has been flooded from time to time with rumors about Guy Woodward. The authors of these rumors are of the lowest, meanest type of German propagandists. And to our shame we have had a number of people who have listened to them and even repeated the stories. Guy Woodward is in France in the ambulance corps, where his much needed and where he is rendering valuable service to his country. Those who circulated the stories should blush with shame.

We who are so unfortunate as to be unable to go into the trenches to defend the honor of our country should listen to nothing about our boys but of deeds or honor and glory. When the mongrel comes with his filthy, dirty lies, slap him in the face.

DUNLEVY KNITTING FORCE QUITE BUSY

The Dunlevy knitting auxiliary has turned into the Charleroi Chapter of the American Red Cross the following articles: Nineteen pairs of socks, fourteen sweaters, and twelve pairs of wristlets, which were made under the direction of Mrs. Louis Grandy.

FRANK ERBE'S BODY SHIPPED THIS MORNING

A telegram received this morning by Conrad Reich, from Camp Sherman, Chillicothe, Ohio, said that the body of Frank Erbe, Jr., who died in that camp on Tuesday, would leave there early this morning. If proper connections are made the remains should reach Charleroi some time late this evening.

STEAMBOATMEN TO RECEIVE AN ADDITIONAL ADVANCE IN WAGES

Crews Will Go On 8-Hour Basis On The 15th Of The Month

CORPORATION BOATS LEAD MOVE

Longshoreman as well as the Masters and engineers on the towboats of the Monongahela river are to receive another advance in wages within a few days.

Recently a movement was started among the men who follow the river and who have strong organizations, looking toward the inauguration of the 8-hour day as relating to employment on steamboats. It was thought the plan was impractical as steamboats were not prepared to accommodate any increase over what is known as a "double crew," and the further fact that steamboat men are scarce; but the difficulty has been bridged by the Steel Corporation boats at least, and more than likely all others will follow the lead of this big company.

Effective October 15 themen employed on towboats will begin their 8-hour day, and will be paid for all overtime on time and half-time. That is, eight hours will constitute a day's work, the remaining four hours they are required to be on duty being paid for at the time and half-time rate. This will mean quite an advance in the wages of all of these men, it being calculated that a deckhand will receive $137.00 per month, as well as his subsistance and lodging, with a proportionate increase for the officers and engineers of the boats. These new figures will mark the highest wages ever paid steamboat men in the United States.

COUNCIL HOLDS A BRIEF SESSION

An adjourned meeting of borough council was held Tuesday evening with all members present except Mr. Duvall.

The street committee was directed to look after surface water at Shady and Seventh street, of which complaints have been made.

Parties owning lots on Oakland avenue near Sixth will be notified to put down pavements council having so directed.

Representatives from the Macbeth-Evans company and others interested were present and asked council for the privilege of placing ashes on Fourth street from Washington to Fallowfield avenues during the winter months to make conditions safe for coal h auling trucks. Request was referred to the street committee to make a recommendation.

The street committee was also directed to look after the drainage on Lincoln avenue extension near the decorative plant.

The borough clerk was directed to publish a notice in the paper concerning the opening of streets and alleys in the borough. Hereafter it will be necessary to obtain a permit to do this, otherwise action may be brought.

Mr. VanVoorhis said a number of complaints had been made to him on account of the use of cut-outs in town. The council directed that an ordinance be prepared to prohibit such use during any period of the day, as well as to regulate parking and other features in connection with automobiles. Council then adjourned.

FUNERAL SERVICES FOR MRS. OWENS

The funeral services for Mrs. Thomas Owens will be held at her late home Friday evening at 8 o'clock. Owing to the prevailing health regulations they will be private. The funeral party will leave Charleroi Saturday morning for Pittsburg, and interment will take place in Allegheny cemetery.

Notice.

Attention of the borough authorities having been called to the actions of a number of boys who marked windows with chalk, strewed the streets with torn paper and sawdust, and scattered tin cans between Eighth and Eleventh streets on Fallowfield and McKean, this is public notice that if parents do not take charge of their children and prevent a recurrence of this disorderly conduct, the authorities will make arrests and parents will be assessed damages as well as compelled to pay a fine, failing in which those guilty of this conduct will be held for the juvenile court.

CHARLEROI

SHOOTING UP THE CHURCHES

No other, of all their atrocious acts of vandalism appears to have afforded the Huns such unalloyed gratification as the bombardment of a cathedral. The finger-like pointing to the sky of a church spire has been to them like the waving of a red flag in th face of a bull. It was the fairest of targets for their long range guns.

Shooting up the churches has been their favorite outdoor sport.

From the sack of Louvain to the forced retirement from before Amiens the Hun has overlooked no opportunity to destroy a place of worship. Some of the most famous of the old French Cathedrals have suffered. Others like the Cathedral of Notre Dame at Rheims, richly endowed in history and tradition, have been almost effaced.

Nowhere has any escaped when it was possible for the Hun to reach it with a bomb, shell or torch. And wherever possible the sacred vessels have become part and parcel of the German loot. Nothing has commanded their reverence.

Not only is civilization, liberty and democracy threatened by the war-mad Huns, but religion itself. Desecration of thehouses of God is but the forerunner of an arbitrary ruling against the Lord Himself. For the Kaiser admits no superior.

The Kaiser's self-made partnership was not intended so much for home consumption as for impressing the world at large where God is held in just a little higher esteem than in Germany. And if the Kaiser wins, science and not God will get the credit.

Then Kultur, as expressed in the German term, will supplant our Christian ideals and the pilgrims who come to pay homage from distant lands will be expected to bow down before an animated idol with a withered hand and a diseased brain as do the Celestials before the grinning gods of the joss house.

Most of us have heard the bands playing "Onward, Christian Soldiers" as the Khaki-clad Yanks marched away to the trains in recent months. And few of us realized fully that they were playing far better than they knew.

For if the Kaiser wins Christianity will be tossed back again nto the dark ages. It will beopen season for the blowing up of the churches of the world.

UP TO GERMANY

It is Germany's move. President Wilson has asked for more specific information. If Germany wishes to accept the proposals he has announced as acceptable to the allied powers opposed to the Central powers, well and good, but they are not going to be made the basis of peace negotiations. Germany must say whether she accepts the proposals in their entirety or whether she merely wishes to discuss them. If she accepts then her armies must at once retire from France and Belgium, and Russia and Roumania, before any negotiations can take place. And more, if the articles are accepted Germany must agree to give up Alsace and Lorraine, Austria-Hungary must give up the Trentino, and other features in connection therewith must be compelled with, peace negotiations only treating of details.

In other words, if Germany surrenders unconditionally then it will be a matter of detail to arange peace. But Germany must show she is since in her desire for peace. No tricky plays for the purpose of securing time in which to further strengthen her position on the western front. Fighting will continue there as long as there is a belligerent German on that line. The fighting continues with greater intensity than ever, and the Germans are being slowly driven back. Field Marshal Haig gave one of the best answers to the Kaiser and his Chancellor on Tuesday by sweeping forward on a 20-mile front for a distance of two to five miles, capturing numerous towns, taking immense quantity of war materials as well as many prisoners.

Germany cannot get away with any Russian tricks on the American people—she can have peace, but the Allies will dictate the terms.

BLEEDING BELGIUM

While the German Chancellor is presumably accepting the peace terms of President Wilson, the armies of the Kaiser and his junkerbund are continuing their barbarous warfare in Belgium and France. In Belgium all males between 15 and 60 years of age are being deported and no doubt are being made to work behind the lines or in other places for the benefit of the German armies or for German communities. This condition has become so acute that the Belgian King and his advisers have been compelled to call special attention to it, as something out of the ordinary of civilized warfare. Yet the German Chancellor says that Germany accepts President Wilson's 14 points as basis of negotiations for peace.

As a matter of fact the German government as at present constituted cannot be trusted. They have broken the most sacred promises in the past, and any promises they make now are to be regarded with the greatest suspicion. In fact, if President Wilson adheres to his declarations we cannot treat with the present government. There must be a grat change in that country before peace can come, and the people of that empire must have a greater voice than they now have.

The best answer to Germany's ingenious pleas for peace is to smash her defensive lines in France and Belgium and drive her armies back to the Rhine. In any event it would be an unconditional surrender. This is no time to negotiate with criminals.

If a man would catch a burglar making away with his property, would he want to parley with the thief, after having him in a position where he could not escape. And yet Germany wants us to "negotiate" peace with her while s he still holds stolen property in her hands, and is still continuing her work of destruction in conquered territory now under her control.

DOCTORS URGE PEOPLE TO USE MORE IRON AND PHOSPHATES

They Come Out Strong For Phosphated Iron

Leading doctors all over the country are rapidly becoming fond of the preparations they can always depend on for all blood and nerve troubles in the tablet form. They have found that it gives results and can be depended upon.

Phosphated Iron has proved a real red blood and nerve-builder for so many who are all run down and haggard out, due to lack of fresh air, exercise, good food and clogged poisoned blood. Scientists say Phosphated Iron builds up your health by building up your blood and nerves. Many physicians claim there would be few over-worked men, nervous women, bloodless old people and pale children, were the benefits of Phosphated Iron more widely known.

There is no need of anyone going around tired out, all in, nerves on edge, suffering with poor blood and lack of energy when Phosphated Iron will make you feel like a live one, make you look 100 per cent better, give you restful sleep, brace you up so you can work with ease and enjoy life more.

Get Phosphated Iron today in tablet form, you owe it to yourself and friends to make just this one effort to regain health, strength and happiness.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules. Do not take pills or tablets. Insist on capsules.

The Princes of Germany are Shaking Dice for the United States

By HERBERT QUICK

WE MUST buy bonds to the last cent of our ability, because our country is fighting for its very life. Make no mistake, citizens of America, the crisis is just that—we are fighting for our very life.

We must fight this war through. We must fight it through to a peace the basis of which will be written by us and our allies.

Germany must not write a single clause in the Treaty. She must be whipped until she will sign a treaty every word of which will be drawn by the Allies. Germany must not be allowed to dot an i or cross a t.

Why?

Because Germany has become nothing but a robber empire, a murderer empire, an empire every purpose of which is the enslavement of the rest of the world. Such purposes admit of no compromise. We must conquer or die. If we do not conquer we shall, nevertheless, die—and die slaves.

Germany began with the intention of robbing France of her iron, her coal, her best land and her great factories; of making Belgium with her rich mines, great cities and immense factories a part of Germany; of gaining the Belgian coast, from which she might conquer England, and of combining under her flag the hordes of Mohammedan Turks, and all the Balkan States, so that she might train soldiers in countless millions, build navies to sweep the oceans, and conquer the world.

This war was to be a step toward world conquest.

If we do not fight the war through to complete victory she will still keep on and she will succeed. She will surely succeed!

Russia with her nearly 200,000,000 people lies prostrate at Germany's feet. Germany could now give up the Balkan States, give up Belgium, force Austria to yield up the Italian territories, give up conquered France, yes, she could give up these, and even Alsace-Lorraine, and if allowed a free hand in Russia, she would still have won a victory greater than any of which she ever dreamed at the beginning of the war.

Give her control of Russia and she can, and will, within a few years come back with power to take back Alsace-Lorraine, crush poor Belgium once more and destroy exhausted France, sweep every vestige of resistance from Europe, Asia and Africa, and then what?

Then she will thunder at our doors—from Asia she will invade us on the West, from Europe on the East, and from Mexico on the South.

If Germany has control over the terms of peace, we who read this will live to see one of the Kaiser's six sons Emperor of America.

The time to whip Germany is now!

It is now or never!

The Princes of Germany are shaking dice for the United States!

It will take money, money, money, that we may send men, men, men!

Buy Bonds, for so only can the war be won. Unless it is won, everything you possess is lost, and with it the American soul is lost

PHYSICAL DEFECTS
MANY CAN BE CURED
READ THIS THEN CALL AND SEE
THE SPECIALIST

Dr. R. W. MacKenzie

Treats and Cures Chronic, Nervous Skin and Blood Diseases

In the first draft about one-third of the men examined were rejected for physical defects and thousands more will be added from the new registrants. You can and should have these defects corrected in time, not only for military service, but to increase your efficiency in your usual employment.

The United States Public Health Service shows that physical disability is greater in persons between the ages of 30 and 40 years than in those from 20 to 30 years of age.

The lack of energy and ambition at ages over 30 years can be overcome to a great extent. Many cases entirely. Over 60 per cent of the defects found in the last draft were curable.

The commoner causes for rejection are varicocele, varicose veins, usually caused by early abuses, bladder, kidney and urinary disorders, heart affections, high blood pressure, rheumatism, venereal diseases, specific blood poison, piles and nervous and mental disorders.

President Wilson Says:

"It is not an army we must train for war, it is a nation." "Do not go through life with handicaps that may be easily removed. Do not shorten your life, reduce your earning capacity and capacity for enjoying life, by neglecting your bodily condition. While other men are cheerfully sacrificing health for the cause of democracy, do not shrink from facing a trifling trouble and expense to make yourself strong, healthy and fit." Don't fight with your troubles.

The Most Dangerous Disease

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Danger is in sight.

Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back or difficulty in passing urine—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some Gold Medal Haarlem Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strength-giving and system-cleansing herbs, well known and used by physicians in their daily practice. Gold Medal Haarlem Oil Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will either give prompt relief or your money will be refunded. Ask for them at any drug store but be sure to get the original imported Gold Medal brand. Accept no substitutes. In sealed packages. Three sizes.

A Wonderful Family Medicine

This Peerless All-Herb Nature Remedy can be used by every member of the family from baby to grandmother. No home should be without it—To break up a cold. Take it steaming hot at bedtime—It works like magic. It keeps the blood rich and pure and to relieve constipation, indigestion, sour grassy stomach, liver, kidney and blood trouble it is truly marvelous. Bulgarian Blood Tea is made in the United States from an old Bulgarian prescription. Large and small sizes. Sold by all druggists.

TRY A CLASSIFIED WANT AD

Many old and stubborn cases that have tried the skill of the best physicians have been cured by my methods, and a fair trial will convince you that they are really wonderful in the face of all former treatments.

If I treat your case, charges will be reasonable, everything strictly confidential and the best possible treatment.

Learn The Truth

I will give you Dependable information relative to your particular case, time required, etc. Do not stay away on account of money matters. Free examination.

Disease is the greatest foe to human progress.

The next Liberty Loan meeting will beheld at the Fifth street stadium Friday night at 8 o'clock. The Pittsburg Steel Products band will be in attendance and will furnish the music, while the male chorus under leadership of Prof. Daniels will render vocal selections. The speakers will be Tom P. Sloan and John Berryman, with one more additional to be added. These meetings are very inspiring and Chairman Patterson expects some substantial results from them.

Notice.

All persons are hereby notified that the ordinance for opening up the streets and alleys in the Borough without a permit from the Borough Clerk, will be enforced.

Ira L. Nickeson,
Borough Clerk.

Charleroi, Pa.
Oct. 9, 1918.

Just How Patriotic Are You?

It may be impertinence to ask this question, but there are many people who should be helping our country and they are not doing so.

It may be apathy, or thoughtlessness---but that does not help your country right now when it needs help.

The way to show your patriotism is to Buy Liberty Bonds. You can buy one for $50, $100, $500 or $1,000. They are the best investment in the whole world and pay interest at 4 I-4 per cent per annum.

You can buy a Bond on Easy Payments---ask us about this.

Act Quick---Come in today.

CHARLEROI

VICTORY IN BONDS

Reports from several centers indicate that the continuing victorious march of the Allies tends to slacken the movement of the Fourth Liberty Loan drive. Imagining that the end of the war is near, many people, relaxed and feeling at ease, seem to think that the success of the present loan is unimportant. There is probably less of this folly than has been reported, but what little there is calls for plain speech. In the first place, the enormous bills already due must be paid even if complete victory is near. In the second place, it must not be forgotten that to bring about this very foolish sense of security with consequent relaxation of effort has been the ceaseless aim of cunning German propaganda from the outset and the same purpose is no doubt prominently in view at Berlin today.

The Hun is shaken but not beaten and the end of the struggle no man can as yet foresee. This has been a war of surprises and unwelcome surprises may still be in store for us. The fact that the Allies are winning, that America has come to the rescue in time, that we are accomplishing greatly both at the front and at home, that our young men in khaki have given us cause for just pride, ought to have the opposite of the reported effect, ought to stimulate us and fire our hearts themore with the determination to do all we can to assist the Government to continue the work so well begun, to push forward in a big way until the Huns are really smashed and the work made so complete that it will not have to be done over again within a few years. Every possible bond buyer should come forward and aid in achieving this great result while helping himself personally through an excellent investment rock-ribbed in its safety.

MAY DANCE AGAIN

British officers may oncemore "trip the light fantastic toe" in public places after more than three years of abstention from this social diversion. British officers have long lamented their hard luck in not being able to do what their American, French, Belgian and Italian comrades are permitted to do, and the coming of so many privileged American officers has increased their discontent. This more than anything else, it is stated, influenced the British authorities to rescind the order. The order was due to the complaints of commanding officers "that many officers under training were dancing all night with the result that they were not fit to put in a full day's drill and their training suffered." The conditions now are said to be different, whether because there are few Britishers still in need of training, or because the average officer in training now has better control, "all night" is not stated.

All soldiers need amusement in the hours of relaxation, the better to support the grim business of war, and officers on leave are demanding a very considerable part of their needed recreation if they can not take part in the chief diversion of the social life of our time. The long-denied British officer will now no doubt leave the civilian dancer far behind in the race for attractive partners.

NEW HOUSE BOAT FOR SUB DIVER

A new boat-boat has been completed at the local government boat yard, which will be utilized by Charles E. Hebel the government diver, who has charge of government submarine work on the Monongahela and Allegheny rivers. The boat is fitted with all the necessary appliances which go to make a floating laboratory, while comfortable living quarters for two men have also been provided. The craft is neat in appearance and will be quite an asset in the submarine work which is required along both the waterways in this district. Mr. Hebel has just started on a tour of the Monongahela locks to do underwater work, and will go as far south as Lock 15, having just completed some important work at No. 2 where a serious break in one of the gates was apt to delay navigation.

MAY CONTINUE WORK ON ROADS

As a result of inspections made by government experts last week Highway Commissioner J. Denny O'Neil is hopeful that permission to get materials for nine important road projects can be obtained. Mr. O'Neil has made urgent representations at Washington against the course adopted in regard to new road constructions in Pennsylvania which is one of the big munition centers and whose highways are used by thousands of trucks moving to camps and easing the strain on railroads.

OLD POWDER HORN IS ON DISPLAY

In the window of the Monessen Plumbing & Electric company in that town may be seen a very interesting relic, a powder horn supposed to have been owned by George Washington at one time. It is now the property of John Beall, first bargess of Monessen, who secured it in the south by barter with a colored man for five pounds of tobacco.

It is a large horn, steamed and flattened, then highly engraved in the old style. At the bottom may be seen the name of George Washington, 1753.

TO MAKE SURVEY OF COUNTY LIVESTOCK

County Food Administrator James L. Lockhart has received a communication from the state food authorities in regard to securing accurate estimates on live stock population in the county. The number of cattle and hogs are desired. Leaflets explanatory of the plan to secure this will be mailed within the course of a few days to all of the county teachers for them to secure this information. The day set for the estimates has been postooned from October 15 to October 30 on account of the prevalence of influenza.

The entire census is to be made and completed in a single day. Suitable blanks on which to record the desired information will be distributed through the school teachers, who will also explain in advance just what is expected and how it should be carried out. The amount of work devolving upon any one individual pupil will be very small, but the success of the plan will depend upon the wide-awake interest and thoroughness of all those who engage in it.

It seems that German troops were rushed to Bulgaria before the event but found that their Balkan allies had had enough. Two days after their arrival in Sofia the Bulgarian government signed the act of unconditional surrender.

Germany can get peace tomorrow by following the example of Bulgaria, but the only price the Germans banker after it is that which will leave them in full possession of the spoils.

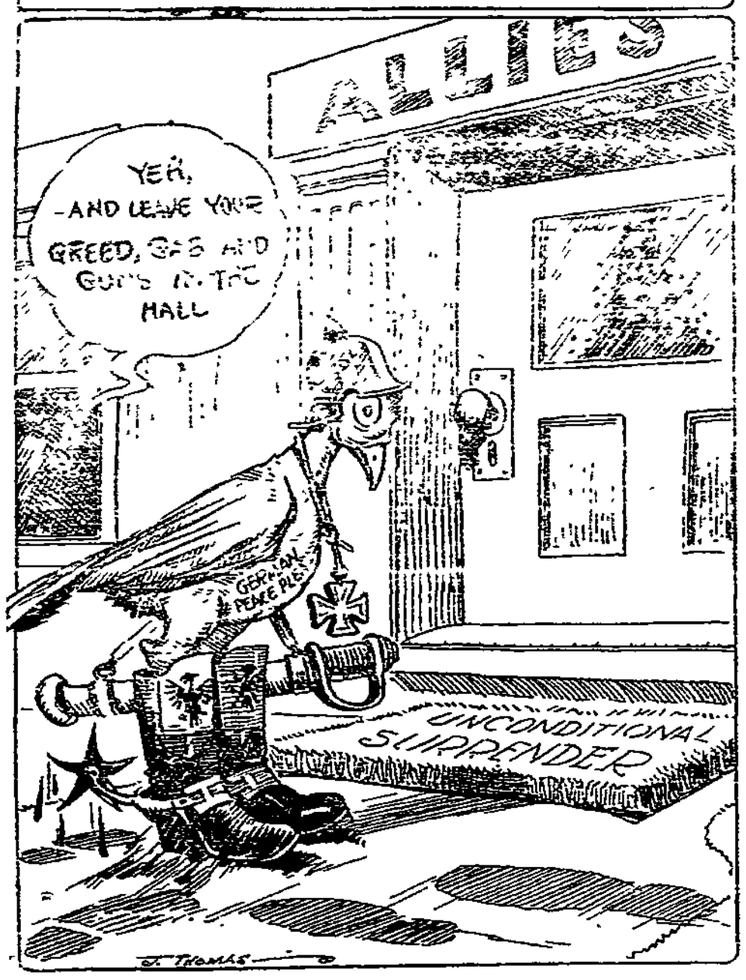
Clean Your Feet Before You Come In



SERVICE FLAGS FOR FULL-TIME MINERS

Every full-time miner in the Westmoreland county field will receive an industrial service flag as a war badge. Campaigns to place service flags in homes of thousands of miners in that county will be conducted by women. Scores of women in the county with relatives in service in France will appeal to miners to dig more coal that lives may be saved and the nation's war program speeded up.

Industrial service flags will stand as badges of honor for the full-time men in that field. A flag will go to every home where the man works full-time six days each week. Where more than one man wins a flag in a home additional stars will be provided.

LOCAL GROCER IS PENALIZED

Eugene R. Sense, who conducts a grocery store at 203 Shady avenue, was fined $25, payable to the Red Cross society and has been prohibited to sell wheat flour for one month on account of not selling flour with the proper amount of substitutes. The case was heard before Food Administrator James L. Lockhart in Washington on Wednesday, who rendered his decision immediately after testimony had been produced.

Mr. Lockhart states that bakers and merchants who wish to escape punishment must comply strictly with the food regulations, and those failing to do so will be dealt with as the law directs.

LOCAL NURSES TO ASSIST IN THE EAST

Miss Montana, superintendent of the Charleroi-Monessen hospital has been granted a month's leave of absence by the board of directors, and left for Philadelphia Thursday evening, having in charge a unit of undergraduate nurses, to assist in emergency work in the east. They reported to Miss Susan Francis at the Red Cross headquarters in Philadelphia this morning from where they will be assigned to work in thedistricts afflicted with the Spanish influenza. Those who will accompany Miss Montana are Miss Helen Hawkinson and Miss Mary Belco of Monessen and Miss Frieda McKinley and Miss Mabelle Sellars of Belle Vernon. Miss Dudas of Monessen who went east last Sunday night on a similar mission and who is assigned to the Camden district, writes friends that additional nursing help is badly needed, as that now available is entirely inadequate to cope with the situation.

Political parties are putting fewer planks in their platform this year. Good lumber is scarce and at a premium.

POETS INSPIRED BY LIBERTY BONDS

The Fourth Liberty Loan seems to have inspired our local poets, who have contributed a couple of their effusions to the Mail, with a request that they be published. The first of these contributions is as follows:

In a recent issue of the Mail
I read with some delight,
A poem entitled buy a bond
And help our boys who fight.
Then make a noise; buy more bonds,
For louder we must bark,
In order that we scale the mark,
The six-thirty thousand mark.
So give a push, then a pull,
And all get down to work.
For every bond will help to kill
An Austrian, Hun or Turk.

The second one is set to the tune of "Mary Had a Little Lamb," and if you are in doubts you may try it on your piano:

Kaiser Bill went up the hill
To show how he could fight;
Poor helpless women, girls and babes
Perished by his might.
Chorus—
So lend a hand and buy more bonds,
Let's show what wecan do,
To overthrow the evil one.
And land him in the zoo.

The beast, he tried to take the earth,
With fence around it too,
But he'll find himself within the fence,
And he won't know what to do.
Chorus—

A Mother of Democracy.

REPORT ON THE "Y" WAR FUND

Hugh E. Fergus, who was Treasurer of the Y. M. C. A. War Fund has submitted the following report of the receipts and expenditures of the money received by him:

Cash received	$7,623.28
Amount of pledges	1,905.75
Total	$9,619.03
Paid for expenses	$ 17.50
Paid R. S. Winters, treas	4,678.00
High school pledge	700.00
Pledges unpaid	45 25
Total	$5,440.75
Cash	$4,178.28

The unpaid accounts of $45.25 were divided among 26 people, of whom 21 refused to pay and five letters were returned to the office of the local treasurer.

DR. DUVALL REPORTS TO CAMP DIX, N. J.

Dr. F. C. Duvall, of Monessen, who offered his services sometime ago to the government, and who was recently appointed a Captain in the Medical Corps of the United States Army, left on Monday for Camp Dix, N. J., where he will be stationed for the present. He made the trip by automobile.
